ALUMNI NEWS / BRYAN COLLEGE / DAYTON, TENNESSEE

Meissner Notes Increased Alumni Gifts

Alumni "Communicate In All Good Things"

An increasing percentage of Bryan College Alumni have responded to the injunction of Galatians 6:6 through their financial support, as well as their prayer support of their Alma Mater. The verse reads, "Let him that is taught in the Word communicate unto him that teacheth in all good things."

An interview with Stuart C. Meissner '56, Director of College Advancement, revealed the Alumni Association's strategic role in Bryan's base of financial support and the importance of this support to the college. The interviewer was Steve Snyder x '64, Director of Alumni Affairs.

Snyder: What is it about Bryan College that motivates alumni to give financially?

Meissner: It might give a better perspective to consider first of all why any college is supported by its alumni. I see at least three reasons. First, because of their close relationship to the school, alumni are simply asked to support their alma mater. This is true of any college whether a private institution, or state supported.

The second and probably a key motive for alumni support, is the commitment of the college to a significant, well-defined mission that alumni of all ages share as a common heritage. Alumni know that our mission at Bryan is to provide a quality liberal arts education based on the highest standards of academic excellence, strict adherence to the innerant Word of God, and submission to the Lordship of Jesus Christ.

A third factor that might motivate Bryan alumni to give is found in what Bryan does not

Stu Meissner, Director of College Advancement, is interviewed by Steve Snyder, Director of Alumni Affairs

have in the way of financial support. Bryan is not supported by a few wealthy individuals, foundations or corporations. Bryan is not denominationally supported. And certainly Bryan receives no government support except for student loans and work study programs.

Snyder: Nearly a quarter of Bryan's alumni are annual contributors to the college. How does that compare with other schools?

Meissner: The national average is 20 percent, so anything over that is good. More than 50 percent of Bryan's alumni have made a financial gift to the college at one time or another. It would be a tremendous boost to Bryan's financial picture if half of our alumni were annual donors. I think this is a realistic goal for the alumni association to work toward.

The world's record for percentage of alumni participation is held by a private liberal arts college located in Kentucky and about the same size as Bryan. Centre College, (which at one time was associated with the Presbyteria-

Church), boasts record annual financial participation by 75 percent of its alumni. It is no surprise that Centre College is one of the most prestigious liberal arts colleges in the United States.

Snyder: Why is alumni financial support so important to Bryan College?

Meissner: In order to receive financial support from foundations and corporations, we call attention to the good things that are happening here at Bryan. The foundation boards and corporate executives who decide where the money goes invariably look at the quality and consistency of alumni support. A positive proof of this in Bryan's case is the success of last year's MK scholarship drive and the foundation grant to this scholarship fund that was received as a direct result of alumni support. This year alumni have almost met the increased challenge goal of \$17,000. This is a current example of how healthy alumni giving can draw foundation support.

July Class Reunions

Postcards announcing each ten-year class reunion were sent in October. As a result, we've been getting inquiries in the alumni office about the program for this summer's class reunions. Many alums from the classes of '56 and '76 have already announced their plans to attend, with one couple even asking for a reservation! If you are a member of the class of '46, '56, '66 or '76, you'll be receiving more information via personal letter in coming weeks.

All alumni will receive Alumni Weekend flyers and registration forms during the early Spring. That's when room reservations can be made.

Plan now to attend Alumni Weekend, especially because.....

Meissner Reports On Alumni Giving

Cont. From Page 1

Snyder: Why is an Annual Fund campaign being emphasized for this year's giving to Bryan?

Meissner: There has really been no campaign focused on Annual Fund needs before. Bryan's alumni have always generously and faithfully responded to special building campaigns - especially the Rudd Chapel project of the early 1970's, which by the way was initiated by the Alumni Association, and the dormitory campaign of the early 1980's. I think a great number of Bryan alumni will respond to the annual operating fund appeal if they know that it is Bryan's greatest need.

Snyder: You have set a goal for alumni contributions this year at \$200,000. According to the record, is this a realistic figure?

Meissner: Alumni gave \$121,000 to Bryan's operating fund last year - 23 per-

cent of the total amount given. The number of alumni donors to the operating fund almost doubled as a direct result of the Library Phonathon. Our goal in this year's Annual Fund Campaign is one million dollars. Because of consistent alumni support in the past to operating needs and special campaigns, I think alumni can contribute at least 20 percent of the amount needed for the 1985-86 school year. Alumni have already contributed \$80,000 and the year is only half over!

Snyder: How many new alumni donors will have to participate in order to reach the \$200,000 goal?

Meissner: I estimate that about 750 new donors are needed. But don't forget that we depend on the Lord to provide for Bryan's needs. We can set all kinds of goals and work hard to achieve them - but God meets the needs! We're praying for one million dollars. Who knows? God may send more!

"Thanks A Million" Day

The "Thanks A Million" campaign will be climaxed on Sunday, July 20, with a warm salute to Dr. and Mrs. Theodore C. Mercer for their years of service to the Lord's work at Bryan College. We are "calling all alumni" to be on campus for this unique and very special occasion when we'll collectively honor Ted and Alice Mercer for their work at Bryan these past 30 years.

The event will be held at the conclusion of Alumni Weekend and at the beginning of Family Bible Conference so that guests who attend either or both events can be present for this very important time in the history of Bryan College.

It is at this time that Dr. Mercer will be given the "Thanks A Million" book signed by all who gave to the million dollar operating fund drive by June 30, 1986. If at all possible, you will want to be a part of this red-letter appreciation day for the Mercers.

"Successful" Alumni

I've heard sermons and read articles in Christian magazines lately that have the recurring theme, What makes success in the Christian life different from success as viewed by the secular world? In other words, to borrow from the question of a overly repeated TV commercial, "How do you spell success?"

How do I, as a Christian, spell success in my life, and how does Bryan College spell success in its philosophy of education? I find myself learning more about this as I have become better acquainted with Bryan alumni these past few years.

The world preaches that success means material wealth. Those who preach this philosophy wouldn't put it that way, but when it is reduced to its simplest terms "the abundance of a man's possessions" is the world's definition of success.

Material wealth, even affluence, is

something with which many Christians are blessed, or have achieved by very hard work through God's grace. Scripture teaches that our success as Christians is not measured by how many things we have accumulated nor by our position in an upper income category. It may also be stated that we may never be "successful" in the sense that we actually see our accomplishments in our work for the Lord. As Charles Colson put it in his book, *Who Speaks For God*, "God calls me to be faithful, not successful. The end result is in His hands, not mine."

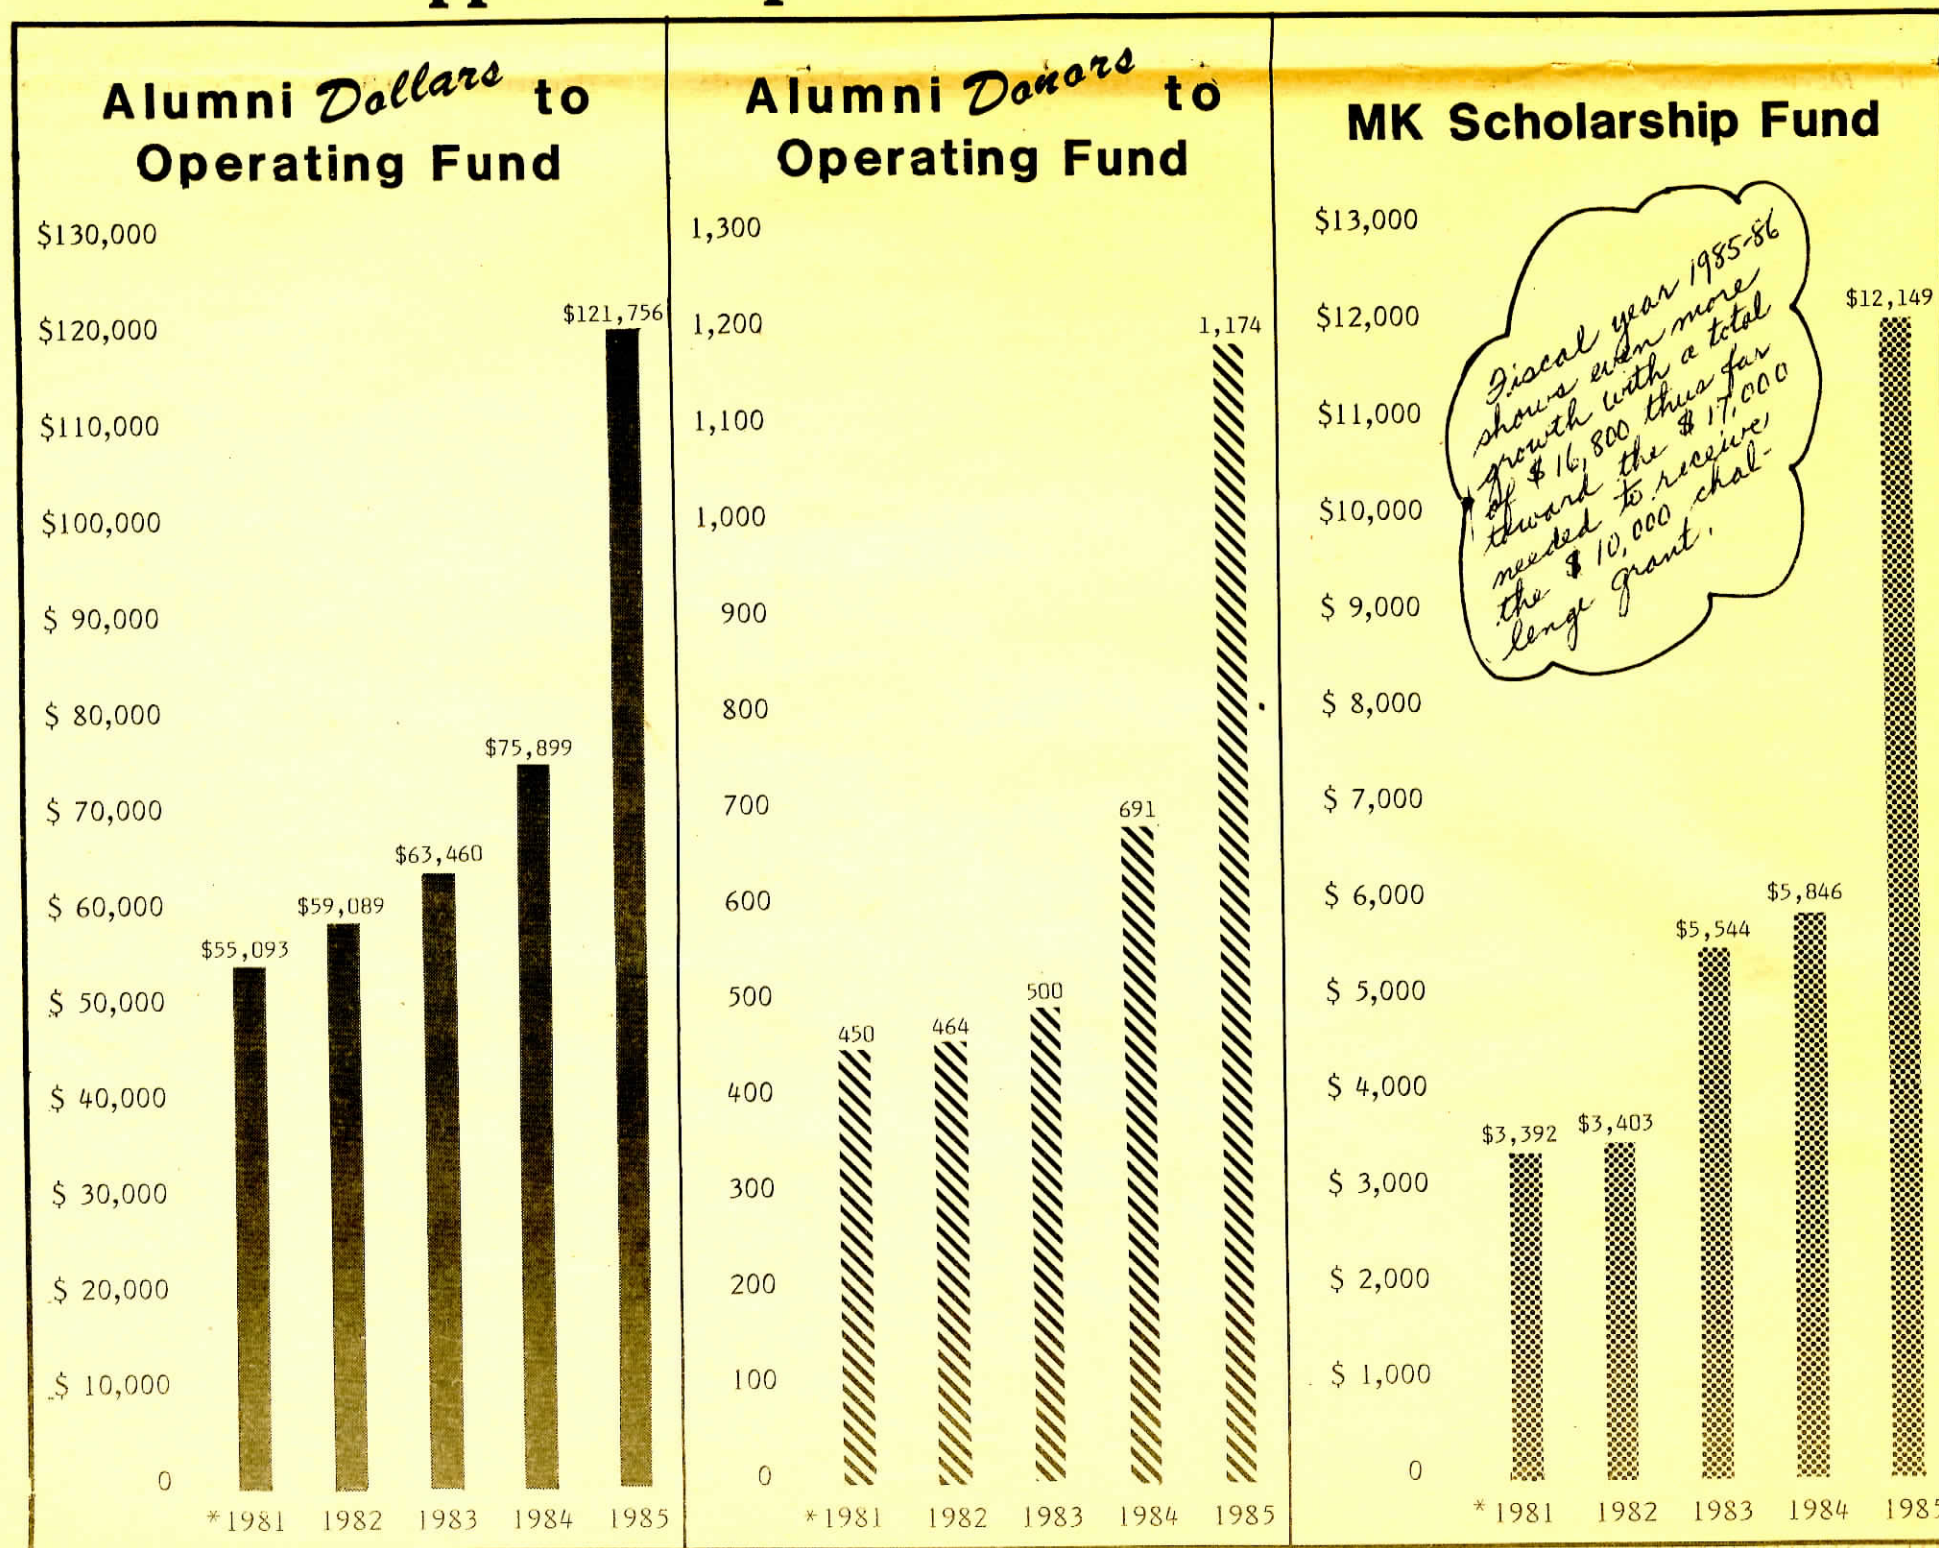

The only time the word success is used in the Bible is where we are told that it comes as a result of learning, meditating upon and doing what the Word of God says.

Working with Bryan alumni and reflecting upon what I've gained from my education as a Bryan student some twenty-five years ago, I now realize that we've all been equipped for success the way God "spells" it. I know now that practical application of Joshua 1:8 may be worked out in our lives with the Bible-based education we have all received. Thousands of Bryan alumni had Bible instructors who not only taught the Word in the classroom but also demonstrated it in their own day to day lives. Our earlier alumni studied the Word of God under the guidance of Charles Currens and Harris Gregg. Most of us learned our Bible from Alma Rader and Irving Jensen, or from Alan Winkler, Gary Phillips, or Bill Brown. As a result, all of us are equipped in our lives and our minds with the formula and the tools for success.

Bryan alumni, who have applied to their own lives the things learned on Bryan Hill, are prosperous and successful people, whether or not they are wealthy or deficient by the world's standards. They know success the way God "spells" it!

"This book of the law shall not depart from your mouth, but you shall meditate on it day and night, so that you may be careful to do according to all that is written in it; for then you will have success." This is the Biblical standard.

Scholarship Aid Available For Alumni Children

With the help of our alumni files, the Admissions office is now contacting all alumni children who are high school juniors and seniors. We encourage all our readers who have children within that age group to send their names to the admissions office indicating that one or both parents attended Bryan. All students at Bryan who have

alumni parents receive a special scholarship benefit, and you don't have to be a graduate of Bryan for your child to qualify. Our admissions people will happily and promptly send literature to your son or daughter; and if he or she is interested in Bryan College, a Bryan recruiter will be glad to visit in your home.

During the current year, 27 second-generation students are enrolled at Bryan and are benefitting from the tuition scholarship provided for all alumni sons and daughters. The second-generation grant is \$1,000 for four years, or \$250 per year.

December Grads Exhorted At Christmas Fete

Dr. Bill Brown

delivered to graduates and alumni alike a challenging Bible message entitled "Don't Lose The Wonder."

"Bryan College is known for two things," Brown stated, "Quality of Education and Quality of Faith. Don't lose the wonder of your learning. According to Matthew 22:37 we are to love God with our minds. Unfortunately people don't drink at the fountain of knowledge anymore, they just come and gargle a little. As Christians we should keep alive our child-like wonder of learning."

"Don't lose the wonder of your faith. Just as we maintain a child-like wonder in learning we should also continue a child-like faith in God. In Hebrews 1:1 we read that faith makes God's promises real."

"Your faith produces the power to patiently endure any circumstance (James 1:2-3); and your faith gives you a positive perspective in every circumstance."

"God has blessed us tremendously with opportunity, ability, and finances. He provided these things. The best way to be good stewards of these blessings is to keep alive the wonder of our learning and the wonder of our faith."

Director of Alumni Affairs Steve Snyder gave special recognition to each of the soon-to-be graduates. Other special guests at the alumni banquet included past alumni president, J. Wayne Cropp '74 and his wife Diane.

The local alumni chapters of Rhea and Hamilton counties have sponsored the Christmas recognition banquet annually since 1975.

Dayton area alumni paid for the steak dinners of seven December graduates of the class of '86 for the annual Alumni Christmas Banquet held on December 5th at The Hearth family restaurant in Dayton.

Entertainment was provided by two members of Bryan's music faculty — keyboard artist David Friberg, and baritone soloist David Luther. Mr. Luther and his excellent voice major protege, Miss Leslie Stringer '87, sang in duet the beautiful *Jesu Bambino*. Miss Stringer concluded the musical program with a thrilling rendition of *O Holy Night*. Mr. Friberg provided the accompaniment.

Dr. William E. Brown, who is the latest addition to Bryan's Bible department faculty and recipient of the students' Teacher of the Year award for 1985,

Jim '82 and Sandy (Dempsey) '81 Shofner are pictured with their son, James Micheal, at home in Plano, Texas.

Bill Hekman, husband of Verena (Bender) '55 brought their daughter, Cynthia (Hekman) Jones '83 and her son, Joshua Wesley, for a recent campus visit.

Search Is O

When people move, we sometimes are not informed of their latest address. The Post Office will forward mail for only a certain length of time and sometimes not at all. Then our "lost" alumni friends begin to wonder why they are not receiving alumni news from campus.

You might know where some of the people are, or you might know the parents, brother, sister, or other friend or relative who would know their current address.

If you take just a few seconds to scan the list on this page, you will probably see the name of someone you know. You might want to start by looking for people within your class, or near the year you graduated or left Bryan.

Don't worry about giving up a part of your precious copy of the Bryanette. Because of the valuable information you are supplying to us, we will gladly send you another copy. Just tear off the half of the form that's printed on page 5 and send it to the "unknown's" current address with your phone number. If you don't have that information, just send us the name of the next of kin, or any other information that might help us locate these "lost" alumni and restore them to the fold.

Happy hunting as you play "Alumni Search". * * *

February Phonathon

Students, alumni, and faculty, all volunteering their time, will be calling alumni Saturdays and weekday evenings from February 15th through the 22nd.

You will be asked for a gift or pledge that will help "bridge the gap" between the amount a student pays and the actual cost of a Bryan education.

Your gift or pledge will be a part of our year-long THANKS A MILLION CAMPAIGN to honor Dr. Ted Mercer.

Class Notes

30's 40's

Ed '39 and Joyce (Hirschy) '40 de Rosset have reached the "grand age" of seventy as they continue their missionary service in Trujillo, Peru. They rejoice in continuing fruit from their labors in training nationals to serve Him. In a little Andean town where they worked two years, a Seminary graduate has continued ministering so that at a recent anniversary meeting, the small building was packed with at least 150 people. A new ministry has been started about a mile from their house and a house has been purchased to be converted into a meeting hall. Over 70 were present recently. In a Seminary work trip to Lima area, record was made of 135 services held in schools, homes, and churches; over 3,000 tracts distributed and invitations given out; 150 people dealt with for salvation - 137 decisions for Christ and 30 young people who are interested in studying in Seminary. The deRossets returned to the States in December and plan to live in Evans City, Pennsylvania.

Clyde '44 and Frances (Reed) x '46 Brogan were honored at a special service during the Regional Conference of IFCA Churches in Stratford, Wisconsin. The Brogans received a generous retirement gift from the churches and some individuals and were honorees at a reception. Over the past 14 years the Lord has used them to plant and assist some 14 young churches. They plan to continue assisting the Wisconsin Church Extension program of IFCA from their residence in Pewaukee, Wisconsin, on a part-time basis.

Eddie '46 and Eileen (Goodman) '46 Miller had two "firsts" in their ministry in Brazil last year - Teen Missions International in Brazil involved 20 young people from area churches with which Millers are associated and an Evangelism Explosion Clinic was held at the Bible Institute in September. Eddie made a business trip to the States and had cataract surgery on his left eye in March and then had an eye problem in September with the implant made two years ago. The Millers were glad to have their son Ed and family working at the Bible Institute and teaching at camp. They rejoice also in the able leadership of the Brazilians in the Marambaia church.

Fred x '47 and Betty Manning continue their ministry at Africa Bible College in Lamco-Yekepa, Liberia, under Mission to the World with the Presbyterian Church in America. Last summer Betty returned to the States for a visit and diagnosis of emphysema, which has been irritated by heavy dust. At A.B.C., 16 more Christian leaders completed their work for graduation; four houses were provided by Lamco Mining company for married students. Fred has added responsibilities at A.B.C. with the absence of staff members on furlough and is teaching two new courses this year - missions and hermeneutics.

Lyman '49 and Helen (Parden) '48 Goehring are living with their son, Steve '77, in Lakeland, Florida, until next spring during their furlough from Brazil. They are rejoicing that the Lord has enabled them to secure a much-desired piece of property in Aerolandia, Brazil, on which to build a sanctuary plus classrooms and a parsonage for a national pastor. Two of their young men from Aerolandia are studying in evening Bible institute in Fortaleza and one at the Bible school in the interior. The Goehring are enjoying visits with their children and other relatives and friends in their supporting churches.

Laurine Kolderup '49 was relieved of her dizziness last summer after receiving medical treatment for an ear ailment in Los Angeles. In August she worked in Tucson, Arizona, at the Wycliffe Center with a national to check a grammar of the Mazatec language. Many of the operations of the Mexico branch of Wycliffe are being transferred to Tucson. Laurine continues to live in Mexico City and reports that there was no earthquake damage in their part of the city, but they shared in giving assistance to families who did lose their homes.

50's

Dalmain '50 and Audrey Congdon are detained from returning to Africa because of Audrey's health. They are residing in Carol Stream, Illinois, while they work under TEAM on loan to IFMA. Dalmain is Assistant Director and Committee Coordinator.

Hugh Coombs '50 made a trip to East Kenya, East Africa, for over three weeks to renew old friendships, take care of personal possessions still there, and see some of the fruit the Lord has given. A big family celebration was the 105th birthday of "K" Coombs's Dad on September 9. He continues to be in good health.

Charles '51 and Loretta (Craig) '55 Kirtley moved early in 1985 to Fredericksburg, Iowa, to serve at the Hillcrest Baptist-Brethren Church on an interim basis, but in May to become permanent pastor. They have had a year of "grandparenting" as their daughters, Martha Nichols x '78 and Mary Gonzalez '79 gave birth to their first children (see BIRTHS in third quarter 1985 and this issue). The Kirtleys continue their workcamp trips - one last January in Mexico to help Mary and Carlos build their home and another scheduled for December 26 - January 5, 1986 with 40 folks going to Mexico. Prospects for the whole family to be together in January is a first time ever with the addition of spouses and children.

Jack Lacey '52 has returned to Africa after spending several years in the U.S. He is serving as regional director of Emmaus Bible School in Nairobi, Kenya. He reports the Lord's great grace in giving him a wife, Charlene, in June 1984 (his first wife was killed in an auto accident) and a son in March 1985.

Roger and Naomi (Hildebrand) '55 Walkwitz recently spent 10 days in Israel being hosted in their travels by two Jewish couples. At the BIBAK Bible Training Center in Baguio City, Philippines, Roger is teaching eight classes with five others being taught by five different church members. They had a Bible conference in Banaue in October (nine hours by bus from Baguio) and one in Iligan City in November, 600 miles away (an airplane trip). Then second semester started early in November at BIBAK, now in its 15th year of operation.

Seymour '55 and Lois x'56 Ashley planned to fly in January to Manila, Philippines, accompanied by their youngest son, Judson, and their oldest son, John and his wife, Mary Lou. They are planning to pick up copies of the Tausug New Testament at the printer's for distribution in Sulu and share in the dedication of this edition. They plan also to travel to Sabah (formerly British North Borneo) in Malaysia to reach thousands of Tausug speakers who have fled there or for other reasons left their homes in the Philippines. They hope later to make a diglot edition in Tausug-English of the Tausug Gospel of John.

Alice White '55 is pleased to have the use of an Apple computer for their office in Chavuma, Zambia. The Sunday School register has been recorded on it, the teachers get printouts to use for their rolls and they also do notes for the lesson - so the computer has learned the Luvale language! One of the hospital reports that took about 30-45 minutes or longer each month by hand can now be done in 2 minutes with 5 copies. Alice and her mother, Ruby White, take their turn with other missionaries from Chavuma on the "School Run" to visit seven government schools with a Scripture lesson each Monday.

Wilbur Pickering '56 is academic director for a training program of linguistics and missiology for beginners, intermediate learners, and an advanced program, which this past year had 20 students in Brasilia, Brazil. In July he spent two weeks giving a master's level course on New Testament textual criticism in Portuguese, which has been put on video tape. The second edition of his book, *The Identity of the New Testament Text*, has just sold out. A third, slightly revised edition, should be available soon. Thirteen Brazilian young people are participating in Jungle Camp, after which six of them are expected to be ready for assignment by Wycliffe Bible Translators. Wilbur continues his travels in Brazil to give lectures in churches and Bible schools on the missionary strategies of Christ and the spiritual warfare.

Joyce (Hughes) '58 and Wendell Karsen with their four children returned from Hong Kong to the States in the summer of 1984 and settled in Holland, Michigan. Wendell taught missions and evangelism at Western Seminary for a year and then began work for the Reformed Church of America as Coordinator of Mission Communication out of its Grandville, Michigan, office. Joyce has been speaking about Hong and China and has been an ESL (English as a Second Language) tutor and an ESL teacher for an adult Sunday school class.

Marilyn Laszlo '59, with the aid of two couples from Hartsville, Ohio, helping the Hauna carpenters, is seeing a new two-story school building erected at Hauna Village in Papua New Guinea. The believers in the village are also taking the "Good News" up and down the river - reaching out in love to hurting people. Marilyn is planning for furlough early in 1986.

Ralph W. Hayes '59 has been serving with Continental Industries of Elkhart, Indiana, since the fall of 1982 as assistant to the president. He and his wife, Mary, travel extensively in overseeing national sales. Ralph spent most of his years in education as administrator or principal in three different Christian schools and completed his Ed.D. from Ball State University in 1984. He is now serving on the National Advisory Council of Bryan College.

For a week in September she counseled by telephone at the Billy Graham Center at Wheaton College for a TV Crusade.

Linda has found a response among the Blacks at the public elementary school where she is secretary, and Charlie presently teaches Spanish in a public high school which provides additional contacts. He is working toward a master's degree in educational administration in order to secure a principalship in an elementary school in that county where the public schools are about 70 percent Black. They also worship in a Black rural church called Greater Fredonia Baptist Church.

**BRYAN
COLLEGE**

**Official
Homecoming
Community**

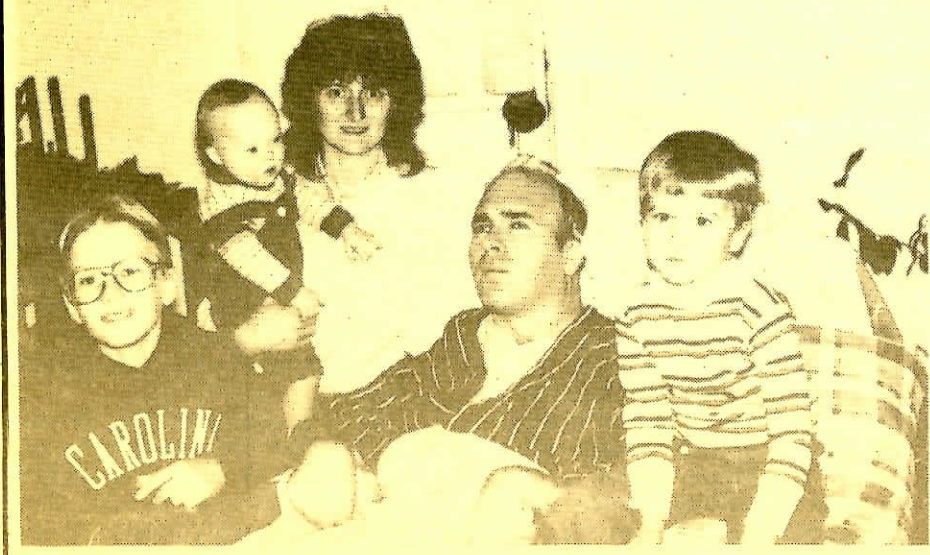

For the past two years the people of Tennessee have been working and planning to make 1986 a very special year of celebration for the volunteer state. As part of this celebration, **Tennessee Homecoming '86**, hundreds of Homecoming '86 communities have been recognized by Governor **Lamar Alexander**, and Bryan College is one of them.

Although Bryan's official celebration will take place at Homecoming October 3 and 4, the college is featuring a visitor's

center in the White Chapel for the entire year. It will contain displays of pictures, articles and other memorabilia about **William Jennings Bryan**, our namesake, and about what Bryan College offers in its distinctive Christian Liberal Arts education.

You will find your visit to Bryan and to Tennessee during this year an even greater treat than usual. Plan now to make it a part of your family vacation.
